

ALCOHOL GEL SANITISING POST & DISPENSER WITH PLUNGER

Take those essential hygiene steps

NEW

Ref : 806 280

**Made in
France**

Specially designed for hygienic environments, the Tournus alcohol gel sanitising post & manual dispenser allows you to combine safety and practicality at low cost.

Economic

This free-standing steel post and sanitising dispenser can be placed in several locations for efficiency and security.

Easy to use

Just apply light pressure with the forearm to dispense the sanitising gel.

The dispenser is easily removable and refillable too.

Forearm action

Practical

You can easily install or relocate the sanitising post and dispenser in many locations as there is no electrical connection.

Large capacity dispensing of approximately **200 doses**.

The slotted window provides easy monitoring of gel level.

Aesthetics 360°

With its 360 degree function, the Tournus sanitising post and dispenser can be strategically placed in multiple locations where hygiene is to be maintained..at the entrance to your establishment, reception desks, offices, changing rooms etc.

Children too !

It's ideal for helping control hygiene in schools too. The Children's version of the sanitising post and dispenser make it easy to instill the importance of hygiene in collective environments.

Designed with a usable height for children, the sanitising post and dispenser can be positioned in a host of strategic locations like dining halls, classrooms and wherever children congregate.
