

SHELVING

Lifetime limited warranty against corrosion

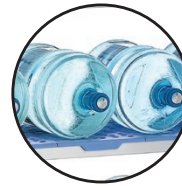

New shelf: Innovative design. Overhanging shelves cover up the upper part of the aluminium bar, for an optimal fit.

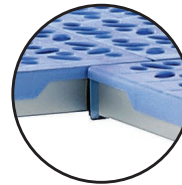

Tournus exclusive: there is a space at the edge of the shelves where white board erasable markers can be used to note the contents of the shelf, helps manage the stock of food.

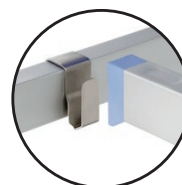

Hygienic: removable shelves, machine washable up to 90°C.

Easy assembly: by tapered self-locking insertion to strengthen the structure.

Load resistance: 200 kg evenly distributed per level.

Modular: in line or corner type assembly.

Easy: 2 hooks per tier whatever the width 400, 500 or 560 mm.

Optimum accessibility: the corner hook does away with the upright so as to store products in the corner. Easy floor cleaning

Stability: adjustable jacks without visible threading (hygienic).

Many accessories: rear protection bar, floor and wall fixing plate, separations.
