

The Tournus assets

New

New shelf: innovative design. Overhanging of the shelves to cover the upper part of the aluminium bar, for an optimal fit.

Tournus exclusive: there is a space at the edge of the shelves where white board erasable markers can be used to note the contents of the shelf, helps manage the stock of food.

Hygienic :
removable shelves,
machine washable up to 90°C.

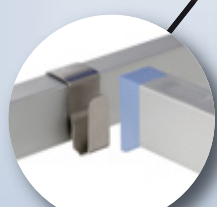

Easy assembly :
by tapered self-locking insertion to strengthen the structure.

Sturdiness :
uprights made of tubular anodised aluminium 32 x 30 mm.

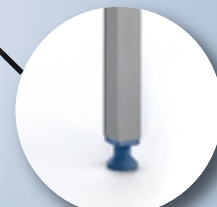

Load resistance :
150 kg evenly distributed per level.

Modular :
in line or corner type assembly.

Optimum accessibility :
the corner hook does away with the upright so as to store products in the corner.

Stability :
adjustable jacks without visible threading

Shelving entirely recyclable

ONE PERSON ALONE CAN ASSEMBLE 5 METRES IN 5 MINUTES WITHOUT TOOLS.
